

First Aid Kit

The first aid kit is stowed in a cavity in the hat shelf at the rear.

Spare Wheel, Jack, Vehicle Tool Kit

Spare wheel (1), jack (2) and vehicle tool kit are accommodated in a trough below the foldable trunk floor (3).

Prior to lifting up the cover, fold back mats and engage strap (4) in trunk lid.

Note:

The jack is designed exclusively for jacking up the vehicle at the jack tubes provided on either side of the vehicle. Jack stands must be used when working under the vehicle.

Luggage or Ski Racks

The only type of rack to be mounted on the roof we recommend is the drip rail mounted type which has no other supports (suction cups or legs) to support the rack on the roof. Such supports may lead to marring of the paint or even denting of the roof if excessive weight is placed on the rack. Your MERCEDES-BENZ dealer can give further advice.
