

Engine Oils

Engine oils are specifically tested for their suitability in our engines. Therefore, use only engine oils recommended by us. Information on recommended brands is available at any MERCEDES-BENZ service station.

A new or reconditioned engine is filled with an initial operation oil in the factory or in a MERCEDES-BENZ service station. This oil is specially developed for the specific operating conditions during the first 300—600 miles (500—1,000 km). A recommended engine oil may be used for topping up if the oil level drops to the dipstick

minimum mark prior to the first service 300—600 miles (500—1,000 km).

Brake Fluid

Brake fluid should be changed once a year, preferably in spring. Only use brake fluid recommended by us. For further information, refer to "Safe Driving".
